02 | About Us

Built on Vision. Driven by Opportunity. Focused on Legacy.

Tiyani Magomani Capital is a diversified investment company with a bold mission: to connect capital with opportunity and help individuals, families and businesses build lasting financial prosperity.

We believe wealth creation is not a privilege reserved for people who already speak the language of complex markets. Investment opportunities should be explained clearly, backed by responsible strategy and aligned with the ambitions of the people behind the capital.

Our offering spans private equity, fixed-return investments, asset management, investment fund management, insurance, digital investing and portfolio advisory.

But we are not here to simply sell financial products. We are here to change how you think about money: not just as income to spend or savings to hold, but as capital that can build assets, open doors and support generations to come.

We See More Than Money. We See What It Could Become.

Our Vision

Building Wealth That Outlives Generations.

To be a respected investment company known for connecting people and businesses with strategic opportunities, responsible capital management and long-term financial value.

Our Mission

Turning Financial Ambition Into Investment Opportunity.

To deliver accessible investment solutions, pursue strategic opportunities and equip people to make informed financial decisions through disciplined investing, innovation and long-term thinking.

Our Purpose

Your Future Deserves More Than Ambition. It Deserves a Strategy.

We exist to connect capital with opportunity, champion responsible wealth creation and help investors pursue goals that truly matter.

03 | Our Investment Products

Don't Just Save for the Future. Invest in Its Potential.

Five investment solutions. Different goals. One financial future. Your ambitions are personal, and your investment choices should be too.

Private Equity Growth

Your Capital Could Be Part of Something Bigger.

Target return: 13.2% p.a. | *Long-term growth*

Why watch businesses grow when your capital could grow with them? Private Equity Growth gives you exposure to selected private businesses with strong long-term potential. Through a compounding approach, it is built to accumulate capital over time.

[Explore Private Equity Growth]

Private Equity Income

Let Your Investment Do More Than Grow.

Target return: 13.2% p.a. | *Additional income*

Financial independence means making your money support the life you want. Private Equity Income takes an income-focused approach to private business investing, with the objective of generating periodic distributions from eligible investments.

[Explore Private Equity Income]

Private Equity Flexible Access

Ambitions Change. Your Investment Should Be Ready.

Target return: 11% p.a. | *Growth with conditional access*

You want your capital to grow, and you know life can shift your priorities. Private Equity Flexible Access combines exposure to private equity opportunities with defined arrangements for accessing your invested capital.

[Explore Flexible Access]

Fixed Return Growth

Give Your Goals a Clear Direction.

Indicative rate: 12.6% p.a. | *Structured capital growth*

Building wealth takes planning, patience and consistency. Fixed Return Growth

offers a defined-rate structure for investors who want compounding growth over an agreed term. See what time and compounding could do for your goals.

[Explore Fixed Return Growth]

Fixed Return Income

Create Another Stream of Income.

Indicative rate: 12.6% p.a. | Defined income structure

Your goals may call for more than long-term growth. Fixed Return Income is built for investors who want scheduled income payments under a defined-rate arrangement.

[Explore Fixed Return Income]

Not Sure Which Investment Fits?

Never choose on a headline percentage alone. Compare objectives, terms, risks and access conditions, then move forward with confidence.

04 | Our Financial Services

Your Wealth Deserves More Than an Investment Product.

Solutions for every stage of your wealth journey. Growing wealth matters. So does managing it responsibly, planning for uncertainty and making informed decisions along the way.

Asset Management

Your Wealth Deserves Direction.

Your money should be managed with a clear view of where you are headed. Our approach combines investment strategy, diversification, risk assessment and long-term objectives, because your future deserves more than guesswork.

[Explore Asset Management]

Investment Fund Management

Access Opportunities Through a Structured Approach.

Some opportunities are best approached through carefully designed capital structures. Our fund management vision connects pooled capital with selected investments, backed by oversight and disciplined management.

[Explore Investment Fund Management]

Insurance

Build Your Wealth. Protect What Matters.

You have worked hard to build your financial future. Protecting that progress means preparing for the unexpected. Explore insurance solutions designed to help you manage risks to your family, business and assets.

[Explore Insurance]

Digital Investing

Your Financial Future, Closer to You.

Investing should be clear, convenient and within reach. Our digital experience helps you explore products, understand projections and keep track of your investments through modern online tools.

[Explore Digital Investing]

Portfolio Advisory

Make Every Decision an Informed One.

Goals evolve. Markets move. Strategy has to keep up. Our portfolio advisory approach helps you evaluate opportunities, understand risk and align every investment choice with what you want to achieve.

[Explore Portfolio Advisory]

One Connected Approach

Your Ambitions Deserve a Connected Strategy.

From investing and managing assets to planning for risk and tracking progress, our solutions work together to support your entire wealth journey.

05 | Why Tiyani Magomani Capital?

Your Future Deserves More Than One-Size-Fits-All.

The right investment relationship begins with understanding what matters to you. Your ambitions, time horizon and expectations for growth, income and access are your own. That is why everything we offer is built on choice, clarity and long-term

thinking.

Investment Choice That Reflects Your Ambitions Structures built for different goals, from compounding growth to income-focused investing.

A Long-Term View of Wealth Real wealth takes discipline and patience, and the vision to look beyond immediate returns.

More Than Investment Products Investments, asset management, protection, digital tools and portfolio guidance, working together.

Investment Information You Can Understand Options that are easy to explore, compare and evaluate before you commit.

A Commitment to Responsible Investing Every opportunity is weighed against risk, liquidity, suitability and your long-term objectives.

A Vision That Thinks Beyond Generations We are building valuable assets and financial opportunities for tomorrow.

Your Wealth Is Personal. Your Investment Strategy Should Be Too.

[Explore Our Investment Approach]

06 | Investment Philosophy

Invest With Purpose. Grow With Vision. Build for Generations.

Great investing begins with discipline. We approach capital with ambition and manage it with responsibility.

Successful investing is not about chasing the highest advertised return. It is about understanding opportunities, respecting risk, choosing the right structures and staying committed to the long term.

Our philosophy rests on four pillars: capital preservation objectives, strategic allocation, responsible risk-taking and sustainable value creation.

Our Approach

Identify. Evaluate. Structure. Invest. Manage. Grow.

We look for opportunities with real long-term potential, test their commercial fundamentals, assess the risks and build structures that serve our objectives. Capital should never be deployed without a clear purpose.

07 | Investment Calculator

What Could Your Money Grow To?

What could R100,000 become in five years? How much difference could compounding make? What could an income-focused investment add to your goals?

Stop wondering. Our calculator shows illustrative outcomes based on your chosen product, amount and investment term.

Step 1 | Choose Your Investment Product Compare growth-focused and income-focused structures.

Step 2 | Enter Your Investment Amount Start with an amount that suits your circumstances and meets the product's eligibility requirements.

Step 3 | See Your Potential Outcome Review estimated growth or income based on the product's stated assumptions.

Your Money Has Potential. See the Numbers.

[Calculate Your Potential Returns]

Calculator results are estimates, not guarantees or personalised investment advice. Actual outcomes depend on product terms, risks, fees, taxes and other factors.

08 | Founder and Leadership

The Vision Behind Tiyani Magomani Capital.

Capital, directed with purpose and discipline, can create opportunities far greater than its starting value. That belief is the foundation of Tiyani Magomani Capital.

Our vision is to build an investment business that links financial ambition with strategic opportunity, champions ownership and drives long-term wealth creation.

It is a vision rooted in entrepreneurship, disciplined investing and the power of owning valuable assets. The goal: a company known for responsible decisions, long-term thinking and enduring value.

Beyond Capital. Beyond Opportunity. Towards Generational Wealth.

[About Our Company]

Editorial note (remove before publishing): Insert the verified founder biography, experience, leadership responsibilities and achievements.

09 | Governance and Investor Confidence

Confidence Begins With Responsibility.

Your capital deserves serious care. Every investment decision should rest on clear information, responsible oversight and a real understanding of risk.

Tiyani Magomani Capital is committed to sound governance, financial accountability, rigorous investment evaluation and transparent communication with investors.

Our intended governance framework covers investment due diligence, capital allocation controls, risk assessment, regulatory compliance, financial reporting and ethical business practice.

Ambition in Our Vision. Discipline in Our Decisions.
